

Sorting 2-dimensional shapes

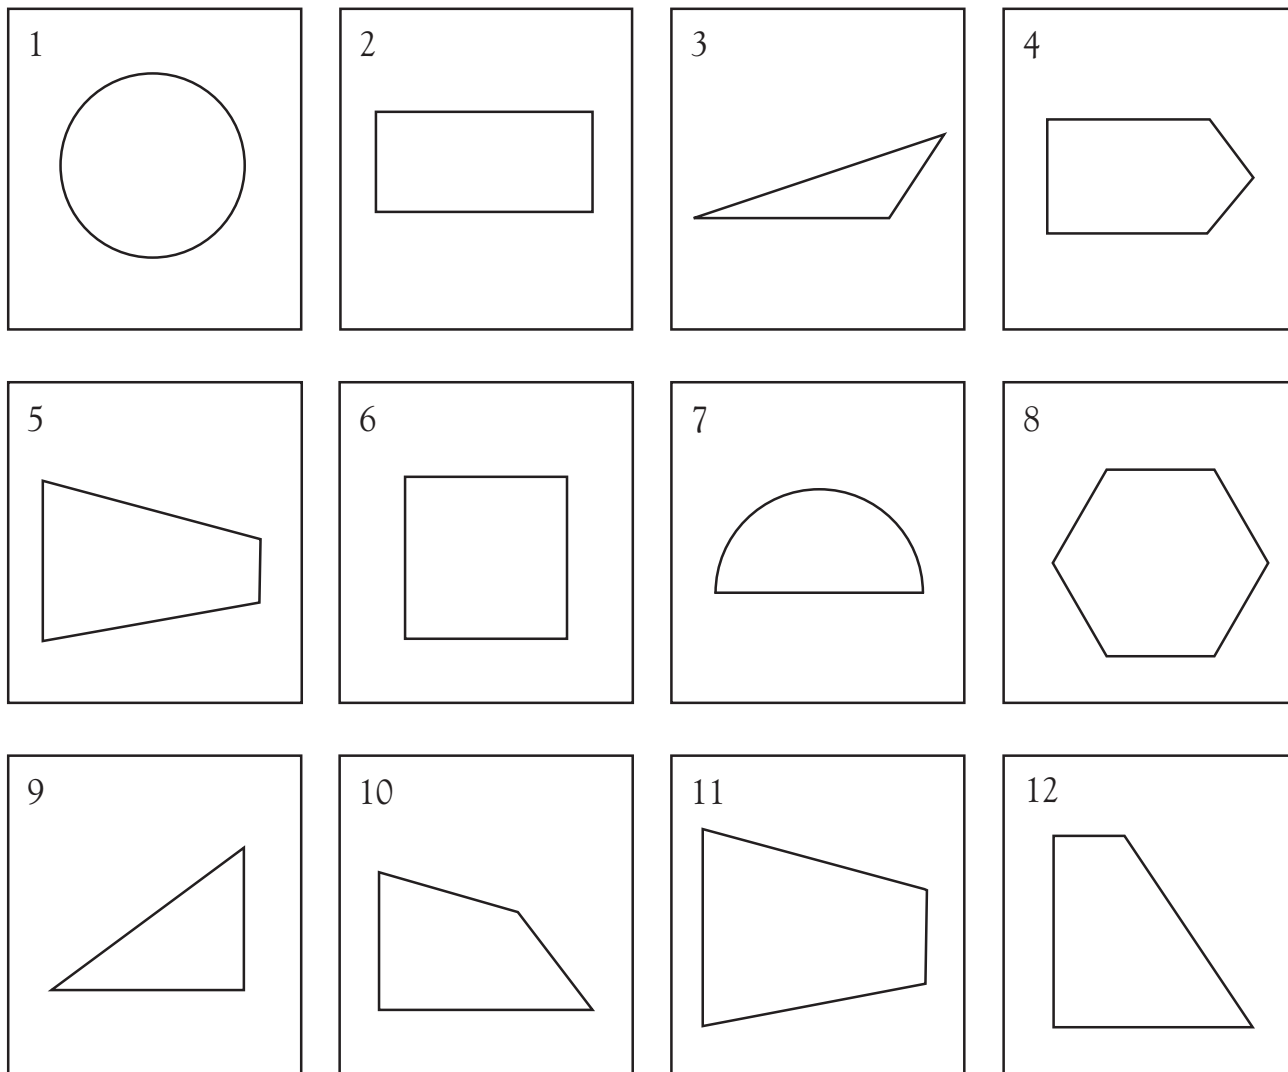

Which shapes have square corners?
Mark each square corner.

1 and 3

Look at the shapes. Mark each square corner.

Write the numbers of the shapes in the correct part of the table below.

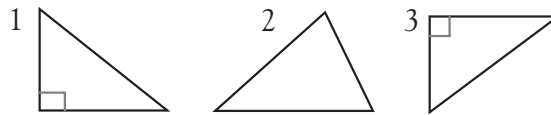

Shapes with square corners	Shapes with no square corners

Sorting 2-dimensional shapes

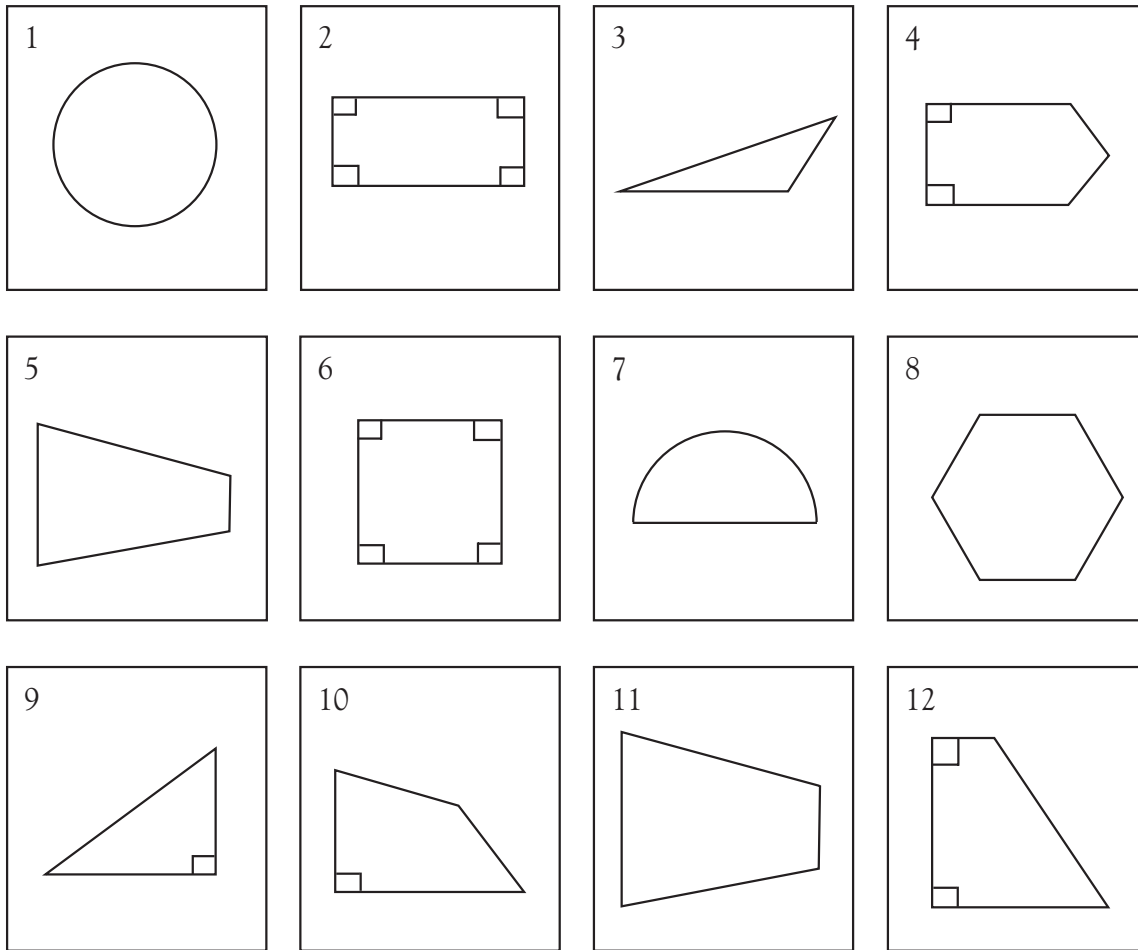

Which shapes have square corners?
Mark each square corner.

1 and 3

Look at the shapes. Mark each square corner.

Write the numbers of the shapes in the correct part of the table below.

Shapes with square corners	Shapes with no square corners
2, 4, 6, 9, 10 and 12	1, 3, 5, 7, 8 and 11

Most of the right angles should be quite clear, but make sure that the children spot all of them for each figure.
